This handbook has been designed to give pupils and patrons of Southwestern Jr. - Sr. High School a clearer picture of what is expected of them and to help establish a better understanding among pupils, teachers, administrators, parents, and community.

Read this handbook carefully in order to know your school and its functions. It will make you aware of the regulations and practices that have been adopted in your school system.

Education is the basis for the society of a free world and is the responsibility of every person who wants to remain free. Let your years at Southwestern High School be a challenge to always perform to the best of your ability and to absorb as much knowledge as possible, because your future depends on the education you obtain now.

ADOPTION OF STUDENT HANDBOOK

This student-parent handbook and the inclusive policies and procedures have been presented to the Superintendent of Schools and the Board of School Trustees of Southwestern Consolidated Schools and validly adopted by the Board of School Trustees. This handbook was approved on June 13, 2018.

DISCRIMINATION AND HARASSMENT STATEMENT

Southwestern Consolidated School District of Shelby County does not discriminate or permit discrimination on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, parental status, marital status, age, disability, citizenship, veteran status, or genetic information in matters of employment or educational services as required by the Indiana Civil Rights Act; Public Law 218; Titles VI and VII (Civil Rights Act 1964); the Equal Pay Act of 1973; Title IX (1972 Educational Amendments); Public Law 94-142; and Public Law 93-112, Section 504.

Harassment, whether verbal, physical, or visual, that is based on any of the above characteristics, is a form of discrimination. This includes harassing conduct affecting tangible job benefits, interfering unreasonably with an individual's academic or work performance, or creating what a reasonable person would perceive is an intimidating, hostile, or offensive environment. Prohibited sex discrimination includes sexual harassment and sexual violence.

If you have experienced discrimination or harassment, written inquiries about procedures and for consideration of complaints alleging such discrimination/harassment should be directed to the

Superintendent, Southwestern Consolidated Schools, 3406 W. 600 S., Shelbyville, IN 46176,
Telephone 317-729-5746.

PHILOSOPHY STATEMENT

1. An opportunity for the best possible secondary education is the right of every individual.
In order that this end may be achieved, the community has the responsibility to provide suitable facilities, transportation, equipment and teachers consistent with the community's ability to pay for them.
2. The high cost of secondary education makes it mandatory that these facilities be properly cared for and be used to their fullest extent and that teachers be assigned to make maximum use of their time, energy, and skills.
3. Secondary education should provide opportunities to develop the highest ideals of citizenship and respect for the democratic principles of our society.
4. Secondary education should provide opportunities to develop an appreciation for the future of the environment and its inhabitants.
5. The secondary school should, by careful guidance, recognize and develop the students' talents and interests in order to help them decide their life's pursuits.
6. As a comprehensive secondary school, Southwestern should encourage students to explore courses from a range of academic, vocational, and fine arts subjects.
7. Secondary education should foster a feeling of civic and family concern and responsibility.
8. Teachers should recognize individual differences in abilities, interests, and needs and should provide learning experiences to meet those differences.
9. It is the responsibility of all parents, patrons, students, staff, and administration to work as a team to resolve problems and achieve these goals.

MISSION STATEMENT

Our mission is to encourage, challenge, explore and strive for excellence.

BELIEFS

1. We believe
a school's purpose is to provide a nurturing environment in which each student will develop his/her thinking and the skills necessary to participate fully in life.
2. We believe
each student can learn when presented with learning opportunities.
3. We believe
learning opportunities are determined by the nature of the work students are assigned or encouraged to do. It is the responsibility of teachers and administrators to provide students with forms of work at which they can succeed and which will be of value to the student, community, and society. It is the responsibility of students to complete their work and be active participants in classroom activities.
4. We believe
it is the obligation of the family and community to guarantee each child the opportunities needed to be successful in school and in life.
5. We believe
schools will provide knowledge work that encourages active learning by the students. "Knowledge work" is defined as the employing of ideas, concepts, symbols, and abstractions to solve problems, produce products, deliver services, or otherwise provide useful outcomes.

6. We believe

students and their work will be the primary focus of the school.

7. We believe

principals are encouraged to be leaders of leaders. Teachers, as leaders, are encouraged and empowered to design work that responds to the needs of their individual students. Both principals and teachers are accountable for the quality of work provided to the students and are committed to continuous improvement.

8. We believe

the mission of the school board and superintendent is to give direction and support for the work of the school.

9. We believe

a primary responsibility of the superintendent is to interact with state and local government officials, community, parents, teachers and staff to promote school programs and goals.

10. We believe

parents, teachers, staff, students, and community will model behavior that demonstrates the strong value of education, social responsibility and lifelong learning.

STUDENT INVOLVEMENT IN THE LEARNING PROCESS

The main job of a high school staff is to create a stimulating learning environment for all students. The three essential factors involved in creating this are:

- (1) the active involvement of students in their education,
- (2) the development by students of an inquiring mind, and
- (3) a cooperative effort among the school staff, students, and parents.

It is of the greatest importance that students be actively involved in the learning process. Students are encouraged to participate in setting their own personal goals in each course they take and to research areas of personal interest related to these courses. Other ways they can be active in the learning process are by making the best use of their time in school, by contributing suggestions on ways to improve courses, and by looking for applications of these courses outside the formal structure of the classroom.

It is important to have good study habits in order to complete high school successfully. There is no getting around the fact that the responsibility for learning rests with the learner. However, the teachers are committed to helping each student achieve his/her learning potential.

While studying, each student should be aware of what methods of studying work best for him/her. Each student should analyze where he/she seems to get the best quality work done. **THE KEY IS TO LEARN HOW TO LEARN. EACH STUDENT SHOULD LEARN WHAT WORKS BEST FOR HIM/HER.** This is what education is all about. These are study habit suggestions:

1. Begin promptly, be determined to learn.
2. Develop a time-and-place study habit by studying the same subject in the same place at the same time each day.
3. For study at home, have proper conditions and equipment, (i.e. quiet room, comfortable temperature, good light, a straight chair and table, the necessary books, pens/pencils, and

paper.

4. Plan study time so as to study those subjects requiring the greatest mental effort first; those in which concentrating is easier, later.
5. Be sure that the details of each assignment are understood.
6. Before doing advanced work, review the previous assignment.
7. The student should keep in mind that he/she is working for himself/herself, and not the teacher.
8. The student should train himself/herself to distinguish the important from the unimportant. Form the habit of using indexes, dictionaries, encyclopedias, and original resource materials.

Some reasons why students do poorly are listed below. Often students can adjust their attitude or outlook, or identify reasons why they are doing worse than they should be doing.

1. Poor study habits
2. Chronic absenteeism
3. Careless and indifferent attitudes
4. Delay in preparing assignments
5. Improper school relations
6. Not having selected subjects of interest
7. Not following proper course of study
8. Poor health
9. Jr./Sr. work too difficult
10. Tardy to class

WELLNESS POLICY

- See wellness policy information on the school website www.swshelby.k12.in.us and click on Health Services.

CONCUSSIONS

The school will abide by all doctor's notes and restrictions concerning concussions. The school understands this can hinder the learning process. Students who are unable to complete assessments due to concussions will receive an "Incomplete" until all assessments are completed for that class. Students that have limited to computer or screen time will not be allowed cell phone use during school hours. Credit and extra curricular eligibility will not be awarded until all assessments are completed and a grade is earned.

HOMEWORK POLICY

Homework is an out-of-school assignment that contributes to the educational process of the student. It should be an extension of class work and should be related to the objectives of the curriculum presently studied. Homework may include additional practice exercises, reading of material on a specified subject, in-depth extension of classroom activities, or independent project work related to the subject. But above all, homework gives teachers and students responsibilities which must be met before assignments can be considered an extension of classroom instruction.

Homework should fulfill the following purposes or objectives:

1. to review, reinforce, or extend classroom learning by providing practice and application of knowledge gained;
2. to teach students responsibility and organizational skills;
3. to promote wise and orderly use of time; interests;
4. to encourage a carry-over of worthwhile school activities into permanent career and leisure

5. to provide opportunities for broad enrichment activities.

Homework is one vehicle that can assist schools in emphasizing the partnership needed between home and school in the educational process of their children. Evidence indicates that before students will accept the responsibility for their education, they must first understand what is expected of them. However, the understanding goes beyond rules of conduct and consequential punishment. The student must be informed on a daily basis of methods, procedures, and techniques used by the teacher to obtain planned instructional outcomes.

GRADING PROCEDURE

A uniform letter system of grading is used in all subject areas. Letter grades will be categorized as follows:

- A - Indicates complete mastery and comprehension of work, as well as unusual effort.
- B - Indicates slightly under complete mastery and comprehension of work, but industrious and willing effort.
- C - Indicates average comprehension, progress, and work.
- D - Indicates below average comprehension of work and effort, but meeting the minimum requirements.
- F - Indicates the student has not met the minimal expectations held for all students and has not mastered sufficient concepts to warrant credit for study in this subject.
- I - Incomplete: Due to health or an emergency condition, the student has not yet completed sufficient work to make a final grade determination.
- WF- Withdrawn-Failing: Student has been withdrawn from class for disciplinary reasons. No credit is given.
- P - Student is passing. Grade is used only for specialized classes, such as non-credit courses, or if determined by an IEP

The average grade for the semester will be the grade which will appear on the permanent record. To determine the average grade, each of the two grades for the grading periods will count 2/5, and the semester examinations will count 1/5. To receive credit for a course, one must have at least 4/5 of a point with equivalents A=4, B=3, C=2, D=1, and F=0. All credits will be given on a semester basis. Students who are permanently removed from a class for disciplinary reasons shall receive a grade of "WF" for their final semester grade.

REPEATING A COURSE

A student who wishes to repeat a course must adhere to the following conditions:

1. They must submit a letter of request to the guidance director prior to May 1.
2. They must meet with the guidance director and the department in question, to explain why they want to repeat a course in the department.
3. The department shall make their recommendation to the principal who will make the final decision about repeating a course.
4. Classes can be repeated only to satisfy a prerequisite.
5. Courses offered online or at another school may be used as a credit recovery option but **MUST** have prior approval from the guidance counselor and high school principal. Any fees associated with such programs will be paid by the students and/or parents.

CHEATING

Performance on assignments, quizzes, projects, tests, and other classroom activities is expected to be that of each individual student, unless the teacher designates such work as a group activity. While a student may obtain assistance in understanding concepts through tutoring, all work submitted in fulfillment of course requirements **MUST** be that of the student. **FAILURE TO MEET THIS STANDARD WILL BE CONSIDERED CHEATING. Plagiarism is defined as literary theft, occurs when a writer duplicates another writer's language or ideas and then calls the work his or her own. Plagiarism is also considered cheating.**

Students who are caught cheating, in a class, will receive the following consideration when determining their final academic standing during a grading period or semester.

1. The classroom teacher shall be responsible for determining the weight or penalty towards the

- student's grade for the first incident of cheating involving daily homework or minor quizzes. Parents will be notified.
2. For the first incident of cheating on a major test or assignment, the student will automatically receive a "0" for the instructional unit up to, and including, the grade for the grading period.
 3. For any second incident of cheating during the current school year in either of the two categories above, the student shall receive a grade of "F" for the semester in the course which the second infraction occurs.

GRADE LEVEL CLASSIFICATION SYSTEM

In order to be classified at a specific grade level, you must meet the following credit requirements:

<u>GRADE</u>	<u>CREDITS</u>
Sophomore	9
Junior	18
Senior	27

MID-TERM PROGRESS REPORTS

Academic deficiency is defined as performing below the course standards to earn a grade of C, or performing at a level below a student's potential as determined by the instructor." The teacher will send notices of academic deficiency mid-way through the grading period. Parents are encouraged to make direct contact with the teacher to assist the teacher in planning strategies for improvement of performance. When a student receives academic deficiency reports from several teachers, the guidance director will arrange a group conference.

PARENT-TEACHER CONFERENCES

Parent-teacher conferences are scheduled each fall. This is following the completion of the first grading period. This is done to discuss the progress of students early in the school year and to address problems that might be occurring. **ALL PARENTS ARE ENCOURAGED TO MEET WITH THE TEACHERS DURING THIS TIME TO DISCUSS THEIR CHILD'S PROGRESS.**

EARLY GRADUATION OPTION

Students may choose to complete graduation requirements within seven semesters. If this is their desire, a letter of intent must be submitted to the high school principal by the end of the junior year, but **no later than June 1st**. Students must still complete two (2) credits of senior English, one (1) credit of Government, and one (1) credit of Economics. A total of forty (40) credits must be completed prior to the end of the seventh semester of enrollment and all required credits for graduation must be met. Students who wish to graduate early must meet the requirements for the Graduation Qualifying Exam (GQE) by the end of the junior year. Students who choose to graduate at the end of seven (7) semesters will not be eligible to attend Blue River Career Center during the senior year.

The principal will review the student's transcript after a letter of intent is received. The student will be notified in writing if the request is granted. Denials may be appealed to the School Board and must be made in writing. Students must complete a minimum of forty (40) credits in several areas of study while in grades 9-12. Students graduating from Southwestern High School must have proof of residency or meet the criteria established in the corporation's Student Transfer Policy.

DUAL CREDIT & ADVANCED PLACEMENT COURSES

Currently, SWHS has dual-credit agreement with Ivy Tech University. They are listed as the following:

English, Pre-Calculus/Trigonometry, Government, Economics, and U.S. History

SWHS also offers the following AP courses:

Calculus, Biology, Art, Music Theory, and Literature & Composition, World

History, Human Geography, Biology, Language Arts.

SWHS also offers dual credit: US History Language Arts 12

Dual enrollment options will continue to be offered to Southwestern students in an effort to maximize their learning opportunities. Students who are interested in other options for dual enrollment or dual credit should speak with the guidance counselor or school administration.

ALTERNATIVE SCHOOL OPTIONS

Students may choose to attend the Edinburg Resource Center (ERC) to complete their graduation requirements. Students must meet with the high school principal and guidance counselor to discuss this option. Students must complete an application and meet with the director prior to attending. Space is limited; therefore, applicants will be given careful consideration before the decision is made to enroll at the ERC. Students complete their graduation requirements through online courses and work study options. Students enrolled at the ERC may participate in all school activities and graduation ceremonies. Students who wish to enroll in an alternative school other than the ERC must withdraw from Southwestern Jr-Sr High School and transfer to the school of their choice. Students who wish to complete their education through home schooling must withdraw from Southwestern Jr-Sr High School and register with the state of Indiana as home schooled students.

Military Recruiters:

The student information for the purposes of the law is the student's name, address and telephone listing. Schools are required to give the same access to military recruiters with respect to student information as it does to higher education institutions representatives and prospective employers

unless the student's parents opt out of this requirement: meaning the parent makes a request that their student's information not be given to military recruiters. The request must be made in writing to the school.

VISITORS

Parents are always welcome. Individual conferences with teachers, counselors, or administrators concerning any problems or questions are also encouraged. However, prior contact should be made to schedule an appointment at a convenient time for all persons involved. The education of today's youth is a cooperative venture between the home and the school. Please do not hesitate to let us know if you have a concern or suggestion. For various reasons, we cannot permit students from other schools to visit or spend the day with Southwestern students. Anyone visiting the school is required to register at the main office and receive clearance before proceeding into the building.

Safety and security is Southwestern's top priority. In order to assist us in assuring your child's safety during our regularly designated lunch times, visitors wishing to eat lunch with students must pass a limited background check and have it on file with the school. This is the same limited background check that is required for volunteers and/or field trip chaperones.

Visitors will not be allowed in the building during passing periods. Students will be disciplined for letting people in the building. All visitors will be buzzed in at door #1 or let in by a staff member.

INDIANA STATE REQUIRED TESTING PROGRAMS

The Indiana legislature and the Indiana Department of Education establish mandates for participation in statewide testing programs. Southwestern High School participates fully in these programs, as law requires them. Students and parents will be notified of these requirements annually.

ATHLETIC ELIGIBILITY & GUIDELINES

ATHLETIC PHYSICALS

All student athletes must have an athletic physical and an emergency consent form on file in the nurse's office. Students will not be allowed to practice or play without a pre-participation physical, consent form, and a drug testing form on file in the office.

GRADE ELIGIBILITY

The following are requirements that an athlete must abide by in order to be eligible for athletic participation:

- a. The requirements set by the IHSAA for participation are:

To be eligible scholastically, students must have received passing grades at the end of their last grading period in school in at least 70% of the maximum number of full credit subjects that a student can take and must be currently enrolled in at least 70% of the maximum number of full credit subjects that a student can take. For Southwestern students, this would mean that they must be enrolled in at least 5 full credit subjects and must pass 5 full credit subjects. If an athlete fails to meet the IHSAA requirement, then they will be ineligible until the next report card is issued. *The athlete will be allowed to practice with the team during this period of ineligibility.

*If a student fails the last 9 weeks grading of the school year (May) then he/she will be ineligible for the following 9 weeks (August).

- b. Additional requirements set forth by the Southwestern Jr-Sr High School Athletic Council and the Southwestern Consolidated School District of Shelby County:

The student with 2 F's on his or her report card is ineligible until the next 9 weeks or semester grades.

Incompletes in any course will be treated as a failing grade (F) until the grade has been recorded. Incomplete grades at the end of the semester may result in failure for the semester. Also, at the end of the 2nd and 4th grading periods, semester grades override the 9-weeks grade. Example: If a student earns a D on the nine weeks, but earns and F for the semester, the student is failing that class with regard to athletic eligibility.

ATHLETIC HANDBOOK

Coaches will be responsible for providing a Southwestern Jr-Sr Athletic Handbook to their athletes. Handbooks will be distributed at the beginning of a sports season. Parents are expected to attend a parent meeting, read and sign a form that they have reviewed the handbook.

NCAA CLEARINGHOUSE

Students who wish to participate in athletics at the college level need to meet all requirements

through the NCAA Clearinghouse. More information is available at the clearinghouse website www.eligibilitycenter.org

SCHOOL DAY INFORMATION

DAILY INFORMATION

Students should plan to arrive between 7:45 and 8:00 a.m. Students who arrive prior to 7:45 a.m. need to report to the gymnasium and wait until the 7:50 a.m. bell. They must refrain from using the academic hallways until 7:50 a.m.

DISPLAY OF UNITED STATES FLAG & PLEDGE OF ALLEGIANCE

In 2005, the state of Indiana established IC 20-30-5-0.5 establishing the guidelines for the display of the American flag in every classroom. The statute also provides that students will be given a daily opportunity to voluntarily recite the Pledge of Allegiance. A student is exempt from participation if they or their parents wish that they not participate. Southwestern Consolidated School District of Shelby County requests that **a parent should submit a written request if they wish for their child to be excused from participation.**

MOMENT OF SILENCE

In 2005, the state of Indiana established IC 20-30-5-4.5 establishing a daily observance of a moment of silence in each school in order to protect the right of every student to the free exercise of religion. During the moment of silence, "the classroom teacher shall ensure that all students remain seated or standing and silent making no distracting display so that each student may, in the exercise of the student's individual choice, meditate, pray, or engage in any other silent activity that does not interfere with, distract, or impede another student in the exercise of the student's individual choice." P.L. 78-2005, SEC.6.

DAILY ANNOUNCEMENTS

Announcements will be read over the intercom each day.

Announcements must be written on an approved announcement form, must be brief as possible, and must be signed by the sponsor of the activity.

2. Morning announcements must be turned in to the office by 7:45 a.m. for broadcast.

Special afternoon announcements will be broadcast over the public address system at 3:08 p.m. These announcements WILL NOT be broadcast daily. Announcements will not be read during ISTEP testing days or times when standardized tests are being administered.

HALL PASSES

Students will receive **15** total passes, per nine weeks. Students will not be allowed to leave the classroom unless permission from the teacher.

CAFETERIA SERVICES

Breakfast is available starting at 7:30 am each school day. Lunches will be served to students at a reasonable cost on a daily basis. Students may deposit money into their cafeteria account by cash or check. Money may also be deposited into their account via an e-Funds account. Information for establishing an online account is available in the high school office. **There is a \$1.00 fee per transaction or a fee of 1.9% for each credit card transaction; all fees are charged by e-Funds and are not established by Southwestern School District.** Students must enter their ID prior to leaving the cafeteria line. Cashiers will inform students of the balance in their accounts. Every effort will be made to provide good quality lunches at a minimum price. All food purchased in the cafeteria must be eaten in the cafeteria. Students who bring their lunch must eat in the cafeteria. Students are responsible for the cleanliness of the cafeteria and the building, in general, during the lunch period.

1. Please clean up spills and messes created on the tables and the floors.

2. Return all trays and silverware to the proper receptacles.
3. Dispose of all trash, cans and glass containers in the cans provided.

Students are not allowed to 'charge' lunches thus in the event a student doesn't have lunch money a substitute lunch will be provided consisting of either peanut butter or cheese sandwich, fruit, and milk.

- For current lunch prices and menus, log on to www.swshelby.k12.in.us and visit the "Food Service" webpage.
- Insufficient Meal Funds: When lunch accounts are insufficient, the student will be charged for the same meal that is offered to other students. Their meal account will then have a negative balance. It is the responsibility of the guardian to keep a positive balance on each student's account to cover the cost of a meal and to pay off debt that the student may have. We will only allow the charging of a reimbursable meal. Students will not be allowed to charge ala carte items such as water or milk. If accounts are still in the negative at the end of the school year, legal action may be taken.
- Free/Reduced Lunches: In order to ensure that all students have the opportunity to eat a well-balanced school lunch, free or reduced price lunches are provided to families that qualify. Parents who wish to enroll in this government-supported program should file the required application. Particular details of this program are available from the office. An application form must be filed every year to remain eligible.

ATTENDANCE POLICY

The Southwestern Consolidated School District Board of School Trustees recognizes that education is one of the most valuable undertakings of our country. Formal schooling is absolutely essential for the conservation of the American society. The state of Indiana also places education at the top of its priorities. Accordingly, it is necessary for this school corporation to use every reasonable measure to instill dutiful attendance habits in every student. The school cannot instruct students who are not present. A day lost in the classroom can never be completely made up. The interaction between the teacher and students in the classroom setting can never be effectively duplicated. A very high positive correlation exists between formal learning and school attendance. Attendance habits developed in school carry over to the post-school career of the student. This attendance policy's purpose is to encourage academic effort by discouraging unacceptable absenteeism that is a lack of effort of the student's part. Therefore, the following attendance policy is enforced in the Southwestern Consolidated School District.

While it is impossible to make up everything missed because of an absence, certain written work or alternate assignments may be available to the student. In an effort to limit the loss already caused by the absence, all this work must be made up by the student. Arrangements to make up work are the student's responsibility although shared with the teacher. Usually the same number of days will be allowed to make up work as were missed by the student. Work made up because of an absence will be credited to the student. However, no credit will be given for homework missed during an absence resulting from truancy.

Perfect attendance is defined as any student who has no absences or tardies for the grading period. School associated field trips and other school related absences do not count as an absence.

In the handbook, any appearance of the term parent refers to the adult(s) who has legal responsibility for the student.

OUT-OF-DISTRICT STUDENT TRANSFER GUIDELINES

Indiana Code 20-26-1-32 requires school districts to determine the capacity to accept out-of-district transfer students on an annual basis. To comply with this legislation, Southwestern Consolidated School District of Shelby County: will not be accepting any new out-of-district transfer applications for students entering the Senior Cohort for the 2017-18 school year. We will accept an unlimited number of out-of-district transfer applications for students entering kindergarten through the Junior Cohort until the end of the day on the September count day (which is usually the first Friday after Labor Day); will continue to accept all applications from out-of-district transfer students entering any grade who were accepted and attended Southwestern during the 2015-16 school year, their siblings, and employees' children, as permitted by law.

LEGAL POLICIES AND GUIDELINES GIVEN TO SCHOOLS UNDER INDIANA LAW

- A. Each principal within the school or school function under his jurisdiction and/or the administrative staff with his approval, with respect to all schools, may make written rules and establish written standards governing student conduct, and take any action which is reasonably necessary to carry out, or to prevent interference with carrying out, an educational function.
- B. It is unlawful for a parent to fail to send his/her child to a public school for the full term as required under this chapter unless the child is being provided with instruction equivalent to that given in the public school (In accordance with Indiana State Law)
- C. Any person who violates any provision of this chapter is guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not to exceed one thousand dollars (\$1,000) to which may be added imprisonment for not more than six (6) months. (In accordance with Indiana State Law)

ABSENCE REPORTING GUIDELINES

1. A parent or legal guardian must report each student's absence by phone calling 317.729.5122. **Parents who have no phone shall communicate by a handwritten note, which must accompany the student upon returning to school.** The phone call must be placed by 9:00am on the day of the absence. If the absence has not been verified by 9:00am, then an attempt by the school will be made to contact the parent regarding reason for absence.
2. **A student's absence that is not verified by a parent/legal guardian within 3 days of the absence will be considered TRUANT.** Once the school has notified the student and attempted to make contact with the home, **it is the parent's responsibility to verify the absence with the school.** Truancy will result in disciplinary action by the school and the occurrence filed with Shelby County Probation.
3. Any and all appointments should be scheduled during non-school hours if possible. However, when students miss school because of a physician's appointment they are to bring a note from the physician when returning. Failure to produce this note within 6 days will result in an Unexcused Absence, or Truancy (by definition) and will result in possible loss of classroom credit. Parents are responsible for verification after school has made notification.
4. If a student is to leave school early for an appointment, he/she is to bring a note or have a parent call the school to request a dismissal from school. This note/phone call should be completed prior to the beginning of school on the day in question. Students are to bring physician's note the next day after missing class for the appointment.
5. Homework may be requested at the time the absence is reported and up to 9:00am to the office. An attempt will be made to collect homework as soon as possible.

EXCUSED ABSENCES

The school will excuse the following absences, and the student will make up all assignments.

1. Illness, quarantines, or temporary physical or mental disability of the child.

2. Death of a member of the household or immediate family.
3. Religious observations.
4. Military examinations and/or service.
5. Doctor, dental, and other medical appointments during school hours when accompanied by a doctor's excuse on the doctor's stationary with the telephone number.

Failure to produce a doctor's note may result in loss of classroom credit for the absence.** Extended illnesses that are accompanied by a doctor's note will be dealt with on an individual basis. **Upon the 8th absence without a doctor's note, the student and/or parent(s) may be subject to one or more of the following:**

1. Reported to Child Protective Services, Shelby County Probation, and/or the Shelby County Prosecutor's office for excessive absenteeism or educational neglect.
2. Asked to withdraw the student from Southwestern Jr-Sr High School due to excessive absences
3. The student may be suspended pending an expulsion hearing due to excessive absences.

Parents will be made aware of attendance issues by mail and/or phone call.

Excessive absences for other than medical reasons may result in disciplinary action including, but not limited to, Friday Night School, Out-of-School Suspension and possible Expulsion.

The following are examples of Excused Absences that **DO** count toward the **7 day limit**:

1. Personal illness – limit of 7 (parental call up to 3, after 3 must be accompanied with a doctor's note).
2. Parent-requested funeral attendance for an individual other than those classified as immediate family (Parent is required to pick up the student at school and sign him/her out regardless). Funeral bulletin or program is to be brought to school the next day as verification of attendance...Verified Bereavement: 5 days for parent or sibling, 2 days for grandparent or close relative.
3. Family "Emergency" situations
4. All pre-arranged absences that are not included in the "Excused absence" section.

7. "Senior Skip Day(s)"
8. Other absences that the School deems reasonably unacceptable.
9. Absences exceeding 7 days without a doctor's note.

See form for complete details. Students in with an unsatisfactory academic or attendance status may be refused College Visitation privileges.

ILLNESS AND EXTRA CURRICULAR ACTIVITIES

A student, who is unable to complete the last half of the school day because of **illness**, will also be unable to attend or participate in extracurricular activities later in the same day.

A tardy may be assigned at Teacher's' discretion. Teachers are to communicate the tardy to the student and document the occurrences.

2. When a student arrives after 8:00, the student is to report to the office and sign in with Mrs. Swift and receive an admit slip to class. If parents bring students to school and arrive late, the parent is to come in with the student to sign them in. Parents who deliver their child late to school may submit that child to possible disciplinary actions (i.e. detentions).
3. The following policy will be used:
- The tardy policy will be enforced on a Quarterly and per Day basis. Tardies will accumulate across all class periods.

*Community Service involves such things as cleaning cafeteria/gym/picking up trash around property or other such tasks.

DISCIPLINE

The most effective discipline is self-discipline. This takes effect when a student is responsible for his/her own actions and behaves so that he/she is in compliance with the discipline policies at Southwestern High School. When each student uses self-discipline, circumstances are such that all students may attend school in an atmosphere where learning can take place, safety is kept in mind, people can enjoy their time in school, and a positive relationship can exist between students, teachers and administrators. Self-discipline is not inherited; it must be learned. When students act in ways that are outlined as unacceptable at Southwestern High School, or at extracurricular events in which Southwestern High School is a participant, teachers and/or administrators must

step in to help correct the unacceptable behavior. The following disciplinary techniques may include but are not limited to:

1. Verbal/written warnings and student conferences
2. Parental involvement
3. Detention after the school day
4. Friday Night School
5. Restriction of driving privileges
6. Reduction of grades and loss of credit
7. Out-of-school suspension
8. Expulsion from school
9. Invalidation of driver's license

12. Suspension from commencement exercises
13. Notification of police/probation/Bureau of Motor Vehicles
14. Disciplinary removal from a course
15. Referral to Special Service Programs
16. Rearrangement of class schedule
 - a. Detentions are to be scheduled with the staff member who originated the reprimand. Failure to serve a staff assigned detention will result in additional disciplinary actions.
 - b. Friday Night School times are from 3:15-6:00 PM. Friday Night School could fall on a Thursday night in the event of a Friday half day or other circumstances.
 - c. Failure to attend a detention or Friday Night School without prior arrangements with administration will result in additional consequences including but not limited to additional detentions, Friday Night School, In-School Suspensions, Out-of-School Suspensions, or possible expulsion if a student consistently fails to serve assigned detentions or Friday Night Schools.

The following are expectations of student behavior during a detention:

3. No talking.
4. No use of cell phones, iPods, or any personal electronic device.
5. No sleeping or having one's head down.

BOYS SCOUTS ACCESS TO SCHOOLS

On January 8, 2002, President George W. Bush signed the No Child Left Behind Act of 2001. Part of No Child Left Behind is the [Boy Scouts of America Equal Access Act](#), Section 9525 of the Elementary and Secondary Education Act of 1965, as amended by Section 901 of the No Child Left Behind Act of 2001 (the Boy Scouts Act), which applies to public elementary and secondary schools, local educational agencies (LEAs), and State educational agencies (SEAs) that receive Federal funds made available through the Department of Education. EDUCATION RIGHTS OF HOMELESS STUDENTS

The [McKinney-Vento Homeless Assistance Act](#) requires that all school districts make special accommodations to ensure access to school for children whose families are "homeless."

1. The **definition of "homeless"** includes not only the classical notions of living in a tent or car, but also families that lack a regular abode (e.g. in a refugee type settlement, or placed in a motel/hotel by FEMA or other agency) or who are temporarily doubled up with another family.

"Student list" is defined as a list containing the names, addresses and/or e-mail addresses of any or all students currently or formerly enrolled in the school corporation. "Commercial organization" is defined as any entity that is a for-profit organization. "Commercial organization" does not include any of the "armed forces of the United States" as defined by state law. "Commercial purpose" is defined as any activity that is an attempt to solicit business or profit.

NOTICE/CONSENT/OPT-OUT FOR SPECIFIC EDUCATION ACTIVITIES

The Protection of Pupil Rights Amendment (PPRA), requires Southwestern to notify a parent and obtain consent or allow the parent to opt your child out of participating in certain school activities. in decision-making and on advisory committees to assist in the education of their child.

ABSENCE BY SUSPENSION

In order to allow the student the opportunity to continue to receive an education without major disruption, students who are suspended will make up major quizzes, tests, and projects when they return from the suspension. The student's work will be checked for completeness and accuracy and the student will receive credit that is earned. This will allow the student to receive information and credit that is required to complete the course effectively.

EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - a. Legal counsel
 - b. A member of the administrative staff who did not expel the student during the current school year and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student's parents are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or a student's parent appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The notice of the right to appear at the expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting an expulsion meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.
6. The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of both the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate.
7. The decision of the governing body may be appealed in accordance to Indiana State Law as stated below:
 - (e) A student or a student's parent who fails to request and appear at an expulsion meeting after receipt of the notice of the right to appear at an expulsion meeting forfeits all rights administratively to contest and appeal the expulsion. For purposes of this section, the notice of the right to appear at an expulsion meeting or notice of the action taken at an expulsion meeting, is effectively given at the time when the requestor notice is delivered personally, or sent by certified mail to a student and the student's parent.
 - (f) The governing body may vote not to hear appeals of actions taken under subsection (c). If the governing body votes not to hear appeals, after the date on which the vote is taken, a student or parent may appeal only under section 15.

DRESS AND APPEARANCE

The courts have ruled that the school can make reasonable rules regulating dress and appearance as they affect the educational process, concern health and safety and decency. The following limitations are intended to help students make choices in regards to dress for school. Clothing that disrupts education or endangers the student's own safety or that of others is considered inappropriate and will not be permitted to be worn in school. The appearance of our students' influences, to a large degree, the impression the community and general public have of our student body. The responsible dress of the students reflects the community standards for appearance.

If a staff member considers the clothing to be questionable, the staff member may send the student to the office to make adjustments. **Appropriate action will be taken to cover unacceptable dress before contacting parents. If students do not have a jacket or a change of clothing, they will remain in the office with class work being sent to them.** Because we believe that a student's most effective learning opportunity is with the teacher, students may be asked to contact a parent to bring different clothing to school.

Students are expected to adhere to the following guidelines.

1. All students must wear some kind of reasonable soled footwear. No slippers
2. A student's clothing, person, and hair must be neat, clean, and appropriate at all times.

All students who drive any type of motorized vehicle are to complete Drug Testing Consent form and a Student Driver Registration form in the main office and purchase a parking permit/hangtag. Students must park in white marked parking spaces. The school makes parking spaces available for students, but that does not diminish the school's sole ownership, control, and authority over the parking facilities.

The following regulations will be enforced:

1. All vehicles must be registered in the office within 2 weeks of the start of school and purchase a vehicle ID hangtag. When new drivers/new students begin driving to school, they are to register any vehicle they will drive within 2 weeks. Failure to properly register may result in the student's driving privileges being revoked. Upon further violations, the vehicle may be towed at the owner's expense after proper notification.
2. Vehicles must be parked properly in the parking spaces (inside the white lines). Vehicles are not to park at an angle or take up more than one space necessary to park. Vehicles that are longer than the available space should take extra room in the parallel space and not extend into the driving lane.

LOCKERS

Each student is assigned a locker for the storage of clothes and books. Students should plan ahead and avoid needing to go to their locker after each period. Keep your locker neat and clean. Your locker is the property of the school and is merely loaned to you. Do not deface it. Keep it locked and tell no one your combination.

FOR THE PROTECTION OF STUDENT BELONGINGS:

1. Each student will obtain a school owned combination lock for their hall locker. The student is

solely responsible for locking the locker to prevent theft or vandalism to the locker.

2. Do not store items of value in locker. The office will hold these items for you if necessary.

Any materials, books, or equipment issued to the student by the school is the responsibility of the student until their proper return. Any damage to, or loss of such items, will be charged to the student. While every attempt is made to insure the security of a student's locker, valuable property should not be stored in this area. The school is not responsible for any items that may be stolen.

Problems with the locker or lock are to be reported by the student in writing to the office immediately. The office maintains a list of all locker combinations in case a student forgets his/her combination. The office will not give out combinations to other students for any reason.

According to law, the student's use of the locker does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect student lockers if needed. The school corporation retains the right to insure that the locker is being used in accordance with its intended purpose, and to eliminate fire or other hazards, maintain sanitary conditions, attempt to locate lost or stolen materials, and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs, or alcohol.

LOST AND FOUND

The lost-and-found area is located in the main office. Students who have misplaced something should check with the secretaries and/or the custodial staff. Students are encouraged to bring found articles to the main office. Students are strongly encouraged not to bring large sums of money or valuables to school. **Southwestern High School will not be responsible for articles that are lost or stolen.**

TELEPHONES

Students are only allowed use of the phones in the Main office during the day. All calls will be logged and personal calls will not be allowed. Students must have a pass from a teacher to use the phone. The office will not issue passes to students for using the phone during passing periods. The Office will not call students from classes to answer the telephone unless it deemed an emergency. Messages only determined to be important or necessary will be taken and delivered to the students.

FIRE DRILLS, DISASTER/TORNADO DRILLS, ACTIVE SHOOTER DRILLS, EMERGENCY CLOSING

1. Fire drills are conducted each month of the school year, including cold weather periods.
2. Disaster drills are conducted twice during each semester.
3. Active shooter drills are conducted once a semester.
3. Each student should be familiar with exactly where to go when assigned to rooms in the building.
4. Students are expected to be quiet during fire drills/tornado drills/active shooter drills. This is especially important should an exit or area be locked, resulting in verbal instructions being needed to change the original exit or place of safety that is posted in each room. Students may talk quietly after the designated safety area has been reached.
5. Always remember that the signals may indicate an actual emergency and not just a drill. Think and act as if it were the real thing.
6. For school closing and delays DO NOT call the school. Listen to the designated stations.

The school district has also implemented the use of the School Messenger system which will use the computer system to contact each family in the district. It is vital that families inform the school

STUDENT SERVICES

GUIDANCE OFFICE

The guidance office will be open during the entire school day. There is a trained counselor available to help you with any problems you may have. Information given to guidance counselors may be confidential, and you are assured that it will be kept that way. Counselors can help you with personal problems, problems with your classes, or planning your future by providing you with information concerning trade schools, vocational schools, and colleges. Make use of this service; counselors are here to help you.

Registration for classes presents a fine opportunity for parent involvement in guidance activities. Interested parents are very helpful to both students and counselors during appointments to select subjects to be taken during the following year. Students and parents have the opportunity to meet with the school counselor during the spring of each school year to plan coursework for the coming school year and to ensure that academic requirements are being met. Students will have the opportunity to review their schedule prior to the start of the school year in August. Students may request schedule changes during the registration process prior to the start of school and through the first 10 days of classes. Students may request a schedule change for second semester prior to the start of the second semester. Scheduling restrictions, a student's academic needs, class prerequisites or course availability may determine whether or not a change request may be honored. Students will not be allowed to change courses after 10 days into a semester.

Information regarding SAT, ACT, PSAT, scholarships, financial aid services (including the FAFSA), college applications and post-secondary options are available in the guidance office.

HEALTH SERVICE

The services of a registered nurse are available to all students. The nurse's office is located in the main office.

Teachers who have students with serious injuries or illness should contact the office immediately. Depending on the injury or illness, the student may remain in the immediate area. When possible, however, the student will be sent directly to the office for immediate attention. In the event of an emergency concerning a student, we will contact parents immediately. Alternate emergency numbers, such as work numbers, must be listed and kept current.

Students who become ill at school will receive first aid and care administered by the school nurse or other personnel, according to the complaint or injury, and the parents will be notified when school personnel feel notification is necessary. Students will not be sent home unless a parent is notified, and permission is received to send the student home. Students who do not follow this process when feeling ill may be subject to disciplinary action. Students are not to use classroom phones or cell phones to contact a parent prior to coming to the nurse's office.

ADMINISTRATION OF MEDICATION

School personnel give medication prescribed or ordered by a doctor or over-the-counter drugs accompanied by a parental permission slip. The parental permission should include the name of the medicine, when it is to be given, and how much is to be given.

- A. Medication must be in the original container telling the drug's name, dose, and frequency of administration, child's name, doctor's name and date. At the time a prescription is filled, ask the pharmacist for a duplicate container, properly labeled, explaining that the medication will be given at school and at home.
- B. Parent permission notes should indicate what time of the day medication is to be given at school as determined by the times the child receives the medication at home. Approximate length of time it will be necessary for medication to be given should be listed.
- C. No medication may be carried by a child or kept in the classroom or locker except emergency

medications such as inhalers and epipens.

- D. Short-term prescriptions and over-the-counter medications for illnesses such as colds, coughs, ear infections, etc., should be sent in sufficient quantity for that illness only. The time interval should be approximately 7-10 days only.
- E. Long-term prescriptions and medications for conditions such as allergies or asthma can be kept until the end of the school year or until discontinued. New parental permission slips are required each year.
- F. Please do not ask school personnel to send medication home daily unless it is absolutely necessary.
- G. Students who need medication for headaches, cramps, upset stomachs, and minor colds must have parent bring medication to school with parent note and sign school parental permission slip before any medication can be given.

STATE REQUIRED SCREENING

Southwestern High School screens for vision and hearing as required by state law. Parents who do not wish their child to participate for religious reasons must file a written objection with the school corporation.

BOOKSTORE

The bookstore stocks paper, pencils, pens, folders, and other educational supplies. The bookstore will be open daily before school starts, during lunch period and after school. Do not stay in the bookstore so long that you cannot get to class on time. Do not ask to purchase supplies at any time the bookstore is not open.

BOOKS AND EQUIPMENT

It is necessary and important that you have all the books required for your classes. Do not go to any class without the proper materials, including books, paper, and pencils or pen. Plan ahead and be prepared to do your best in every class.

Computers and electronic equipment that is school owned will have a replacement cost, if any student damages this equipment.

In physical education classes, you are required to wear the prescribed uniform and be in uniform and ready to participate for every class meeting. Only a physician is qualified to determine whether or not you are physically unable to participate. Unless you have a doctor's written statement excusing you from the activities, you are expected to participate.

WORK PERMITS

Work permits may be obtained from the high school office. Students between the ages of 14 and 17 who plan to work must obtain an employment certificate. PRIOR TO GOING TO THE HIGH SCHOOL OFFICE, STUDENTS MUST

1. obtain an Intent to Employ form;
2. secure the required signatures, and
3. bring their birth certificate.

RELEASE OF DIRECTORY INFORMATION

The Family Rights and Privacy Act of 1974 provides certain safeguards to the privacy of our patrons and students. Parents have certain rights under this act until such time as their student is 18 years of age or is enrolled in a post-high school institution, after which the student may exercise those rights.

The parents have the right to examine their children's record and request corrections if records are

inaccurate, misleading or are otherwise in violation of the privacy or other rights of students. If there is a disagreement on this matter between the parents and the school, parents may request and receive a formal hearing. Even if the results of the hearing support the school, parents may place additional comments or a dissenting opinion in their child's permanent record.

The school is obliged to keep records which show an intrusion into a child's permanent record, indicating who examined the record, the date it was examined, and the purpose of the examination. School officials with a legitimate educational interest are exempted. Other exemptions include officials from schools where a transfer is made and certain representatives of state and federal government. Any other person may receive records with the written consent of the parents. The school will also respond to a court order or subpoena, but parents will be given advanced notice.

Certain directory information including the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, and other similar information may be released without parental consent unless the parents notify the high school guidance department prior to September 30 of the current school year, that they do not want certain designated directory information released without prior consent.

PERMANENT RECORDS & TRANSCRIPTS

A permanent record is maintained on each student, which follows the student each year of his/her education.

Contained in this record are courses taken and grades earned, standardized test scores, days present and days absent, health records, and other pertinent information. Transcripts of this record are prepared upon written request of the student (18 or older, or the parent, if the student is less than 18) to provide prospective employers and college or technical school officials a thorough picture of a student's educational progress. Normally transcripts are sent directly to the employer, college, or school, and are not given to the student to deliver.

DANCES, SOCIAL EVENTS

Dances and other social events will be held throughout the school year by various organizations. The following guidelines should be employed when planning any type of dance or social activity:

1. During the week all activities will end by 10:00 p.m. and on weekends by 11:00 p.m. The after-prom is an exception.
2. All dances will be chaperoned by the organization's sponsor, additional faculty members, and security personnel.
3. School attire will be worn unless otherwise specified, and proper conduct will be expected at these functions.
4. Attendance at these activities is reserved for students of Southwestern High School and their dates. Guests from outside the high school must be registered in the office prior to the event. **ADMISSION WILL NOT BE GRANTED TO STUDENTS WHO HAVE QUIT SCHOOL.**
5. **ONCE STUDENTS HAVE BEEN ADMITTED, ANY STUDENT WHO LEAVES WILL NOT BE RE-ADMITTED EXCEPT IN CASE OF EMERGENCY WHERE PRIOR APPROVAL HAS BEEN GRANTED BY THE FACULTY SPONSOR.**

FUND RAISING

No student, group of students, class, club, or organization will be allowed to purchase or sell materials unless authorized by the high school principal and approved by the school board. There is to be no solicitation of funds in the building or in the community unless authorized by the high school principal and school board. Fundraising activities are submitted to the school board for approval in April and October of each school year. Organizations are urged to keep fundraising projects to a minimum. The sale of items during class time is expressly prohibited.

SCHOOL BUS RULES FOR PUPILS

1. Each pupil shall be located immediately upon entering the bus in a place assigned by the driver.
2. No pupils shall stand or move from place to place during the trip.
3. Loud, boisterous, or profane language or indecent conduct shall not be tolerated.
4. Pupils shall not be allowed to tease, trip, scuffle, hold, hit, throw, or use their hands, feet or body in any other objectionable manner. Keep hands and feet off other students' belongings.
5. No windows or doors will be opened or closed except by permission of the driver.
6. No pupils shall enter or leave the bus until it has come to a full stop and the driver has opened the door.
7. The child should be waiting at his/her boarding station when the school bus arrives. In case of an emergency causing late arrival by the pupil at his/her station, the bus driver is not required to wait after the scheduled time for arrival at the pupil station. If the school bus driver is already three minutes late, he/she need not wait at all.
8. Upon the recommendation of the bus driver, school authorities will deny the privilege of riding on the school bus to any pupil who refuses to conduct himself or herself in a gentlemanly or ladylike manner on the bus.
9. **No student shall ride a bus other than the one assigned, unless a note of permission has been submitted to the driver from the parent and/or the school administration.**

From the time you get on the bus in the morning until the bus returns you to your home, you are under school supervision and authority. If you come to school on the bus you are to go home on the bus. You are not to get off the bus except at your home unless your parents have made arrangements with the school for you to do differently. Your bus driver is responsible for your safe delivery to and from school.

CLASS ORGANIZATION

The value of an efficient and workable class organization cannot be over-estimated. Functioning as a group with unity of purpose and unity of action, much can be contributed by the class to the welfare of the entire school and student body.

Class officers are elected in the spring for the following school year. An organization is no stronger than its leadership. As a member of the class, it is your duty to use great care in the selection of your class officers. You are placing a heavy responsibility in the hands of a selected few who will guide the destiny of the group for a full year. The people selected should possess the qualities necessary to perform their duties capable and efficiently.

In 1978, the student council, which governs these elections, established these guidelines for eligibility:

- No one with a suspension from school for any reason during the present school year may run. Anyone elected who is suspended after that will be removed from office immediately. The remaining class officers will fill any vacancy that exists.
- Only those maintaining a "C" average overall are eligible for office. Any student who drops below this average will be suspended from his office and will be ineligible for office the following year.

STUDENT COUNCIL

The student council is composed of three representatives from each class. The purpose of the council is to assist in planning student activities and aid in the general improvement of your school. The council will meet regularly.

Student council members must take the responsibility to be at the meetings. If a member misses

more than four meetings, (except for absence from school) the member will be removed from student council. The student council will then fill the vacancy.

Each school club is permitted to send a representative to the council meetings, and any student desiring to make a proposal may get permission to attend the meeting.

CHILD ABUSE

The stated purpose of the Indiana Child Abuse Statute is “to encourage effective reporting of suspected or known incidents of child abuse or neglect, to provide in each county an effective child protective service to quickly investigate reports of child abuse or neglect, and to provide rehabilitative services for such a child and his/her parent, guardian or custodian.”

Any individual who has reason to believe that a child is a victim of child abuse or neglect is required by law to report the suspected abuse or neglect to the local child protective service law enforcement agency. Failure to report suspected abuse or neglect when known is a crime punishable by up to 6 months imprisonment. Reports of suspected abuse or neglect are frequently made by neighbors of the child, by family members, by medical practitioners and by school personnel. They are made anonymously. AN INDIVIDUAL MAKING SUCH A REPORT IN GOOD FAITH IS IMMUNE FROM ANY CIVIL OR CRIMINAL LIABILITY THAT MIGHT OTHERWISE BE IMPOSED BECAUSE OF SUCH ACTION. THE INDIVIDUAL MAKING THE REPORT IS PRESUMED BY LAW TO HAVE ACTED IN GOOD FAITH.

Southwestern Consolidated School Corporation of Shelby County Technology Acceptable Use Agreement

Guidelines for all staff members and students

The Southwestern Consolidated School Corporation of Shelby County is pleased to provide appropriate, reliable and accessible tools that enhance student achievement and increase staff productivity through the integration of technology. Our goal in providing this service to teachers and students is to promote educational excellence in our schools through the facilitation of resource sharing, communication and the use of technology as a learning tool. Internet usage is a required element of curriculum and is expected of every student.

Internet Usage

The Internet connects thousands of computers and millions of users all over the world. Through the Internet, students and teachers have access to a vast volume of curriculum related resources.

Freedom of expression is a right guaranteed by the Constitution of the United States. It includes the right to freedom of speech and the right to receive information. These rights extend to all members of our society including students, teachers, and administrators. Southwestern Consolidated School Corporation of Shelby County in acting as a facilitator helps all members of

our school community to access information regardless of format or technology. This access to information is a fundamental right of citizenship.

In making decisions regarding student access to the internet, Southwestern Consolidated School Corporation of Shelby County considers its own stated educational goals and objectives. While preparing our students for their roles as citizens and future employees, we realize that electronic information research skills are now fundamental to the educational process. In giving students access to the internet we enable them to explore thousands of resources around the world. This same access also allows contact with people from around the world. The school district expects that teachers will integrate the use of the internet throughout the curriculum. This use will follow and include proper guidance and instruction to students in its correct use. Teachers and administrators are to ensure that access from school to internet resources be structured in ways which have students use only those resources that have been evaluated prior to use. While students will be able to move beyond those resources to those that may not have been previewed by staff, they shall be provided with guidelines and lists of resources particularly suited to the learning objectives. Teachers and administration will make every reasonable effort to ensure that students are accessing appropriate information.

When students access the internet outside the school environment, families bear the responsibility for the same guidance of internet use as they exercise with information sources such as television, radio, movies and other potentially offensive media.

Students who use district provided internet access must have the permission of and must be supervised by our schools' professional staff. Students utilizing school provided internet access are responsible for civilized behavior online just as they would be in the classroom or other campus areas. The same behavior that is expected in the classroom will be required when using internet resources.

When using school provided access, students and staff should remember that access is a privilege, not a right. Use of the internet entails responsibility. The sole purpose of school provided access is to facilitate research and the meeting of educational objectives. To remain users of internet services, students and staff must support these educational objectives. Failure to do so may result in loss of Internet access privileges.

Students should expect that files stored on school computers may not be private. Such files will be treated like school lockers and will be subject to review by school administrators and faculty to ensure that **school objectives and behavioral expectations are being met. Failure to comply may result in loss of privileges. Likewise, the district reserves the right to inspect any staff members files that are stored on school owned computers, servers, disks or other equipment.**

The following uses are not permitted:

7. Purchasing goods or services via the school corporation account on the internet except as specifically permitted by the school district treasurer.

Any violation of Southwestern Consolidated School District of Shelby County's policy and rules will

result in the loss of district provided access to the internet and network. Additional disciplinary action may be taken at the building level. If local, state, or federal statutes have been violated, the proper authorities will be notified for further action.

Gang Activity Policy

The School Corporation adopts this policy pursuant to State law in order to address the detrimental effects of criminal gangs and criminal gang activity on its students, demonstrate its commitment to preventing and reducing criminal gang membership and eliminating criminal gang activity, educate Corporation students, employees, and parents about criminal gangs and criminal gang activity, and comply with State and Federal laws and regulations.

The Corporation prohibits criminal gang activity and similar destructive or illegal group behavior on Corporation property, on buses owned by the Corporation or used to transport Corporation students, and at school-sponsored functions. The Corporation prohibits reprisal or retaliation against individuals who report criminal gang activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or others with reliable information about an act of criminal gang activity and similar destructive or illegal group behavior.

members that specifically:

1. either:

- a. promotes, sponsors, or assists in, or

B. "Criminal gang activity," as used in this policy, means to:

- 1. actively participate in a criminal gang;
 - 2. knowingly or intentionally commit an act:

Procedures for Reporting and Investigating Suspected Criminal Gang Activity

All Corporation employees shall report any incidence of suspected criminal gang activity to the principal and the school safety specialist. As well, students and parents, who choose to do so, may report an incident of criminal gang activity to the principal. The principal and the school safety specialist may take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services.

A Corporation employee who in good faith reports an incident of suspected criminal gang activity in compliance with the procedures of this policy and any Corporation employee, parent, or student who in good faith participates in any judicial or other proceeding resulting from the report or relating to the subject matter of the report is immune from any civil or criminal liability for damages arising from his/her actions.

Each school principal or designee shall conduct a thorough and complete investigation of each report of suspected criminal gang activity and each report of reprisal or retaliation. The principal or designee shall initiate the investigation promptly but no later than two (2) instructional days of the report of the alleged incident. The principal may appoint additional staff and the principal or designee may request the assistance of law enforcement to assist in the investigation for the safety of the administration, Corporation staff, or students. The investigation shall be completed and written findings prepared by the principal or designee as soon as possible but no later than five (5) instructional days from the date of the report of the alleged incident.

The principal or designee shall submit the report to the Superintendent within ten (10) instructional days of completing the investigation. The Superintendent shall report the results of each investigation to the Board on a regular basis during its scheduled Board meetings.

The Superintendent is authorized to issue guidelines to define the range of ways in which Corporation staff and the principal or designee shall respond once an incident of criminal gang activity is confirmed, according to the parameters described in the Corporation's code of student conduct. The Board recognizes that some acts of criminal gang activity may be isolated incidents requiring that the school officials respond appropriately to the individuals committing the acts while other acts may be so serious or involve individuals outside the school that they require a response by local law enforcement officials.

Appropriate consequences and remedial action will be imposed when students are found to have engaged in criminal gang activity, criminal gang intimidation, or criminal gang recruitment on Corporation property, while riding on Corporation buses or buses used to transport Corporation students, and at school-sponsored events or when they are found to have engaged in retaliatory conduct towards a Corporation employee or student who reported

an incident of criminal gang activity, according to the severity of the offense and considering both the developmental age of the student offender and the student's history of inappropriate behavior, per the code of student conduct.

Consequences and appropriate remedial action for a student who engages in criminal gang activity may range from positive behavioral interventions up to and including suspension or expulsion. Incidents that result in the expulsion of a student(s) or alternative school placement of a student(s) will be referred to the local law enforcement officials for further investigation. The principal shall proceed in accordance with the code of student conduct, as appropriate, based on the investigation findings and the Superintendent's guidelines. As appropriate, the principal may provide intervention and/or relevant support

services (i.e., refer to counseling, establish training programs to reduce criminal gang activity and enhance school climate, enlist parent cooperation and involvement or take other appropriate action). The principal shall inform the parents of all students involved in alleged incidents as provided below, and, as appropriate, may discuss the availability of counseling and other intervention services.

The principal shall provide the parents of the students who are parties to any investigation with information about the investigation, in accordance with Federal and State laws and regulations. This information includes the nature of the investigation, whether the Corporation found evidence of criminal gang activity, and whether consequences were imposed or services provided to address the activity. This information is to be provided immediately upon completion of the investigation and issuance of written findings by the principal or designee.

Annual Reporting of Investigations to the State

Each school principal or designee shall record the number of investigations of criminal gang activity disposed of internally and the number of cases referred to local law enforcement (disaggregated by race, ethnicity, age, and gender) and report this information to the Superintendent before May 15 each year.

The Superintendent shall submit a written report to the Indiana Department of Education, on forms developed by the Department, before June 2 of each year

outlining the activities undertaken as part of the Corporation's compliance with I.C. 20-26-18. This report shall include the number of investigations of criminal gang activity disposed of internally and the number of cases referred to local law enforcement for the entire Corporation in the past year, disaggregated by race, ethnicity, age, and gender.

Establishment of Education Programs

In its efforts to address criminal gang activity, the Board establishes the following educational programs:

- A. An evidence-based educational criminal gang awareness program for students, Corporation employees and parents; and
- B. A Corporation employee development program to provide training to Corporation employees in the implementation of this policy.

Information about the Types of Services, Including Family Support Services, for a Student Suspected of Participating in Criminal Gang Activity
