

# Southwestern Consolidated eLearning Day Lesson Plans 2020-2021

The Southwestern Consolidated School Corporation may virtually make up school days that are closed due to inclement weather or other circumstances. On those days, teachers will have lessons and/or activities available by 9:00am. Teachers will be available to answer questions via email from the time that lessons and activities are available through 3:00pm. To access your student's lessons and/or activities for any days closed and declared eLearning days, please click on the appropriate link below.

## Jr. Sr. High School ELearning Lesson Plans

All students will have assignments posted in [Google Classroom](#) for each class.  
\*Speech students please check Mrs. Kohrman's links below.

**Frequently Asked Questions (FAQs):**

**1. How many days does my student have to complete eLearning activities?**

Each student has two days to complete his/her required activities. Additional time will be given if circumstances warrant it. Lab time will also be open on a schedule to be determined.

**2. How will attendance for each student be determined?**

Each student will be counted “Present” if activities are completed within the required timeframe. Each student will be counted “Absent” if activities are not completed within the required timeframe.

**3. What if my student or I have questions?**

Teachers will have plans and activities posted no later than 9:00 am and will be available to answer questions via email from 9:00am through 3:00pm. Principals are also available via email to answer questions. Given the circumstances which warranted a school closing, the office may or may not be open and available to answer phone calls.

**4. What if I don’t have internet access?**

Please communicate with your student’s teacher to determine alternative opportunities to complete the required activities.

**5. What if my student receives special education services?**

Your student’s special education teacher will work with classroom teachers to ensure work is appropriate and accommodated.

**6. How much work will my student be expected to complete?**

Amounts of work are largely dependent upon the grade level. A student will not be asked to complete unreasonable amounts of work, and activities should not require initial instruction from parents/guardians or other caretakers. A student may need some assistance just as he/she would on typical homework. **If work becomes overwhelming and time-consuming, please make a note for your student’s teacher and move on to the next activity.**
